E D U C A T I O N

BS In Computer Science   2022

Lebanese American University

Currently working toward my Bachelor of Science degree. My studies have equipped me with solid programming skills in Python, Java, C, Assembly, linux (Ubuntu), html, css, javascript along with experience in app development on studio.

                                                                                                                                          2021

Lebanese Baccalaureate in Economic and Sociologie

College des soeure du rosair blat-jbeil

Graduated in 3rd place with an average of 14/20

E X P E R I E N C E

Lebanese Red Cross - Youth Sector

volunteer

Dec 2021 - Present

•I am actively involved in volunteering with the Lebanese Red Cross, where I have honed leadership, teamwork, and problem-solving skills. I am passionate about coding, creative problem-solving, and contributing positively to my community

•Training taken: Psychological First Aid, Induction, Youth And Health (its goal is to help the yougsters stay away from drugs or other harmful acts by enhancing their skills), HVP - Human Values and Principles (helps with the communication between civilizations, anti-bullying, and reinforcing the 7 red cross principles), Environment (talk about ways to improve environment and contains reforestation and beach cleaning , PSS (peer support session), Saying No to Sexual Harrasment, Gender Based Violence

•In the Secratary Committee: working on the database and volunteers ids and recruitments in all of lebanon

•In the VM task force in the Committee: has scaned the volunteers code of conduct and uploaded it to their profile and cleaned the database that holds all the informations

•In the VM sub-committee in the center: working on members moral, recruitment and database

•Vice President Youth and Health Committee and is a facilitator (can give trainings)

•Activities done: HNA (consists of a survey done to the neighboring areas such as mastita, aamchit and more concerning their health), Quette(the annual fundraising for the organization), reforestation, beach cleaning, cloth shop, container shift, red christmas event, imitate trial to find the culprit, health themed escape room, half marathon (selaata to Jbeil).

Various   2019 - 2021

Tutoring (Volunteer)

• Instructed peers at school for various materials and helped with their presentations, essays

and getting ready for official exams.

App Making (Summer Camp at LAU 2022)
• Built an app called: "For a Better World" which tackles 7 SDG's out of the 17 UN-Goals
• Has a local Database and web redirecting
• It aims to help people and get help in various area such as: jobs, medication donation, food donation, blood donation, money donation, signing up for electricity and water with low cost and some lifeskills/tips
